

# JUBILEE TERRA

Glazed Ceramic Tile

|                          |                        |
|--------------------------|------------------------|
| <b>SURFACE</b>           | Matt                   |
| <b>SIZE</b>              | 31 x 59 cm / 12" x 23" |
| <b>THICKNESS</b>         | 7.40mm                 |
| <b>COVERAGE / CARTON</b> | 2.19 m <sup>2</sup>    |

## PERFORMANCE & TECHNICAL CHARACTERISTICS

| PROPERTY                            | TECHNICAL VALUE | REFERENCE / NOTES                                                                                                                                      |
|-------------------------------------|-----------------|--------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Classification Group</b>         | BI Ib           | Water absorption BI Ib: 6.0% to 10%                                                                                                                    |
| <b>Dynamic Friction Coefficient</b> | 0.5             | > 0.4: recommended where resistance to sliding is required.                                                                                            |
| <b>Suggested Use</b>                | LD              | Recommended for residential and commercial environments with access to external areas and covered external areas (medium and high pedestrian traffic). |
| <b>Breaking Load</b>                | > 500 N         | NBR 13818                                                                                                                                              |
| <b>Flexural Strength</b>            | > 18.0 MPa      | NBR 13818                                                                                                                                              |
| <b>Stain Resistance</b>             | ≥ Class 3       | NBR 13818                                                                                                                                              |

### PRODUCT APPLICATION

Suitable for residential and commercial flooring applications, including spaces with access to outdoor areas and covered exterior areas, according to the manufacturer's suggested-use classification.

Technical values reproduced from the manufacturer's technical specification for JUBILEE TERRA. Product appearance may vary slightly due to shade, production batch, screen, and printing conditions.
